# WE PIONEER HOSPITALITY STANDARDS

In 1997, we pioneered the launch of the Hilton Executive floor, which was replicated across other Hilton Worldwide locations. Transcorp Hilton Abuja was the first hotel in Nigeria to install the Fidelio hotel management system, the first to install the SmartButler Guest Service System to enhance the efficiency of guest services delivery, the first to introduce the Lobby Ambassador and also the first in the country to install a 'no-break' UPS generator. This generator ensures customers do not know when there is a change from generator to public power source and vice-versa

Transcorp Hotels Calabar, since 1976 has remained the most iconic premier three-star hotel in Calabar, welcoming global business leaders and tourists across the world. The hotel is the first in the region to introduce an online booking platform on its website, and also the first hotel in Calabar to introduce a loyalty programme, which helps guests earn rewards when they lodge at the hotel.

Transcorp Hilton was the first - and is still the only

– hotel with 24 multi-purpose meeting rooms all with natural day lighting. It was also the first hotel in Nigeria to install three telephones – bedside, on the work-desk and in the bathroom - in all the rooms.

In 2003 the Transcorp Hilton made history by being the first hotel to accommodate 54 Heads of State and their delegations at the same time – and in full comfort - during the 2003 Commonwealth Heads of Government Meeting held in Abuja.

Our state of the art hotels create the perfect feel of luxury while remaining authentically African. From the captivating style to the state-of -the-art facilities in outstanding locations, each hotel showcases classic modern aesthetics, bespoke luxury and detailed craftsmanship that blends with present day designs.

Each hotel is fitted with refined wardrobes, wall panels, chairs, sofas, vintage paintings and carvings from emerging local and international artists. These features are matched with exceptional services designed to give you a memorable stay and unrivalled hospitality

*Our hotels in Abuja and Calabar have remained the preferred hospitality destination for global leaders, international business travelers and discerning Africans*
